COLVE

On the 15th of August I will be running my spicy psychology, sissy school lecture event at Maison De Debauch. Edinburgh.

A fun, kinky, immersive role play experienceâ?¦ it takes the form of a sissy school lecture that students are attending.

The school lecture will cover subjects like -Sissification in theory and practice

-The history of CP (Again in theory and practice

-There will be a live, group sissy hypno session

-Plus many other kinky lecture demonstration activities as takes Mistressâ?? fancy.

This will be an intimate event and students will be invited to wear their choice of attire; wear whatever makes you feel comfortable or uncomfortable; wearers choice.

Mistress will also provide a selection of outfits for those who are so inept they canâ??t dress themselves

There will possibly be punishments for students arriving at the school in the incorrect attire.

The decision regarding what is correct attire will obviously be down to the whim of Mistress on the night, as will the punishments. Or rewards. It depends on your pain threshold.

You have been warned.

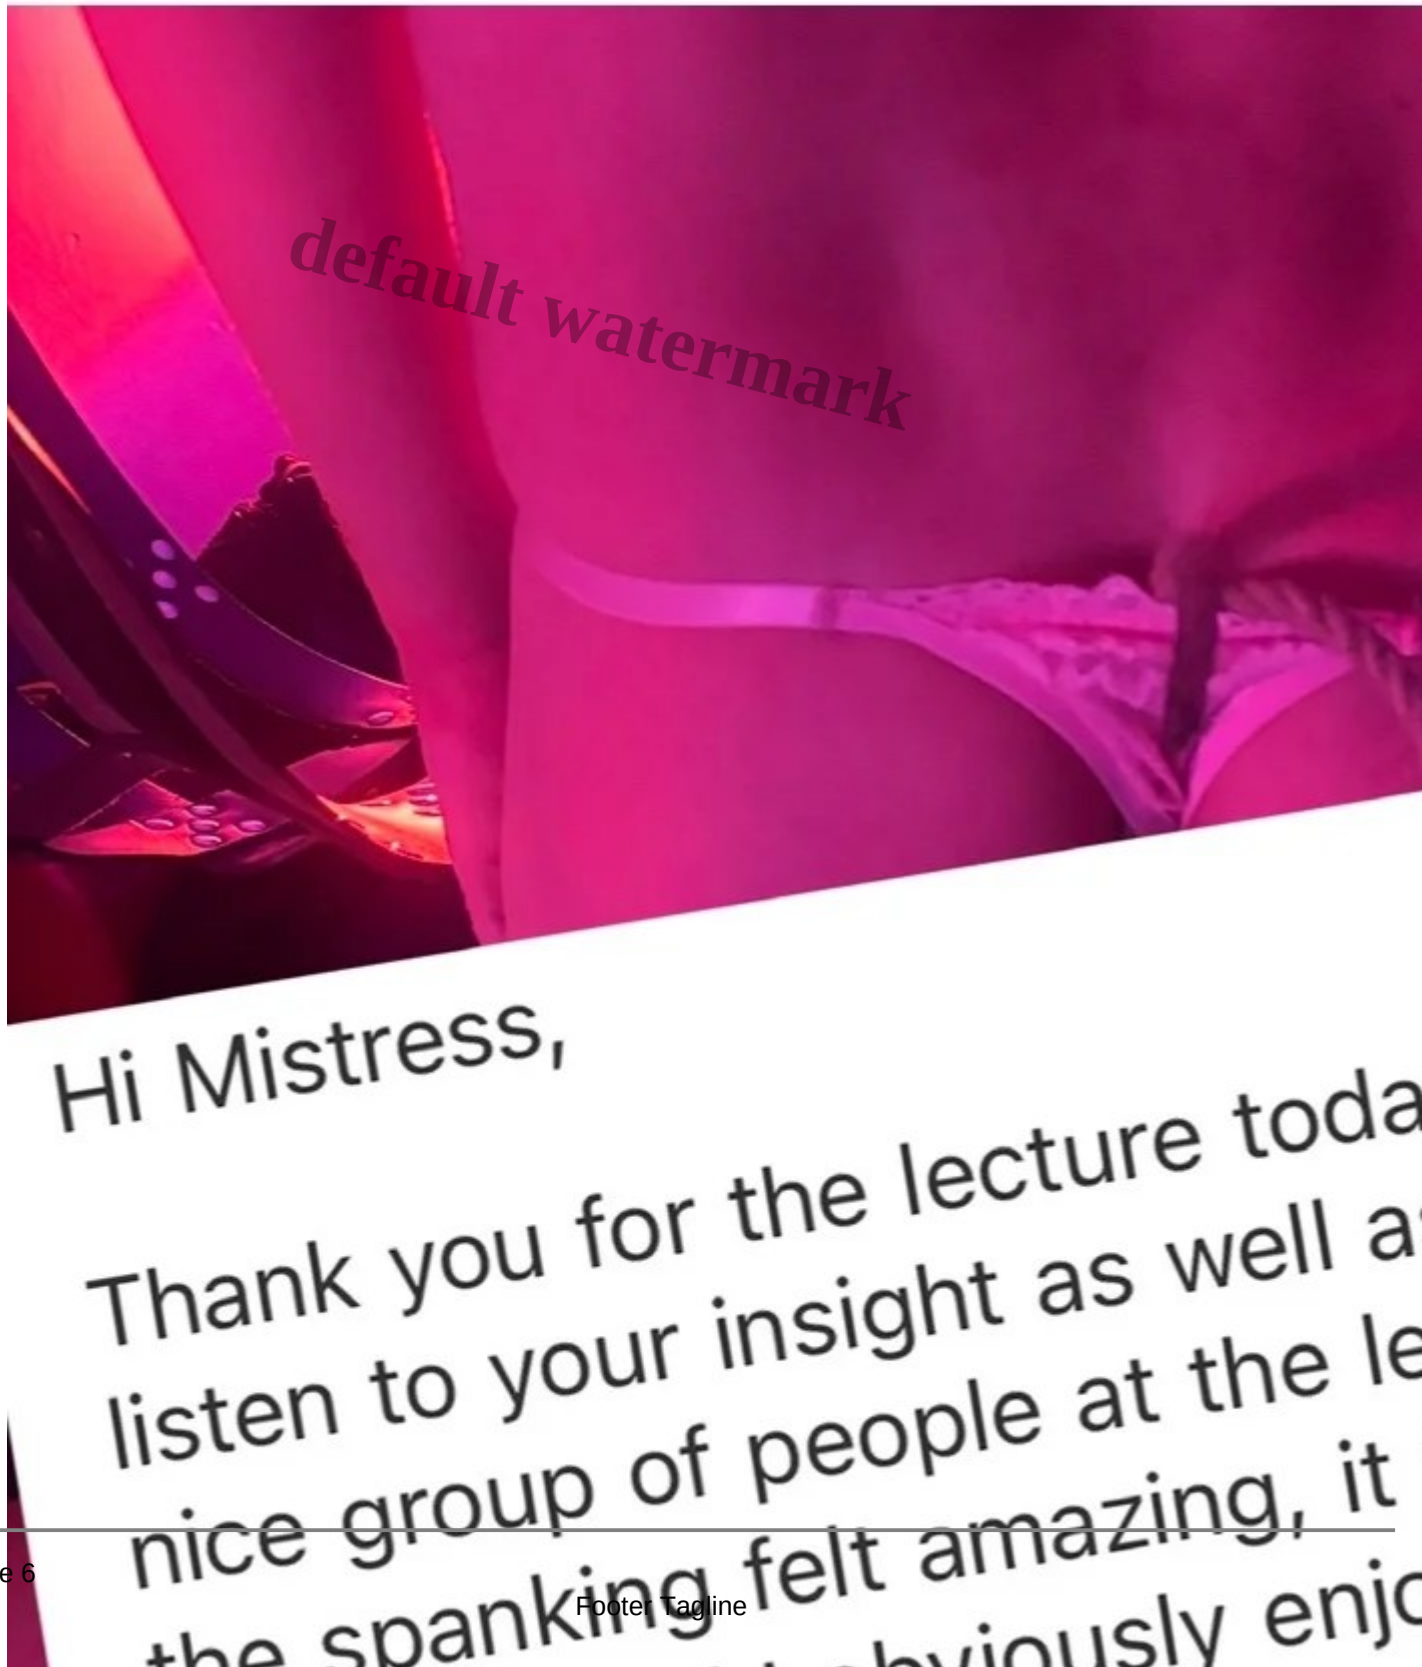

Tickets for this fun and immersive kinky experience are limited.

The event will run as well with one student as it will with more, so donâ??t feel shy about making a purchase.

There will also be an opportunity to extend the evening so it runs later into the night. Do contact Mistress to discuss making an arrangement

Tickets ??
