Victoria walked into the unfamiliar surroundings of the â??schoolâ?•

She wasnt sure why to expext but she had been instructed to attend by the HeadMistress after a brief phone call.

This was the address; Victoria looked up the foreboaring building. it was an old edwardian building that used to be a school or maybe an asylum. Victoria felt nervous. Her big round breasts were pushed up firmly behind her pink bra and her stocking tops rubbed against the soft white of her thights.

she felt her pussy become wet beneath her little pink panties with expectation as she stepped inside the creaky old gate and walked to to a stairway which she decendedâ?¦ pink patent heels clacking on the stone steps as her big firm breasts jostled for attention beneath her skin tight pink top.

in the basement Victoria could see Mistress waiting . Mistress looked so beautiful and stern in her tight black latex catsuit which clung to every millimetre of her perfect feminine curves.

Weâ??ve been waiting for you, Victoria, said Mistress in her cut glass accent , so sharp it almost drew blood. The men are wanting for their entertsinment. theyâ??ve paid Mistress for a show.

In the darkness Victoria could see the men watching, lurking in the darkness; big hard cocks in big hard hands.

Her pussy got even wetter at the sight of them and her nipples grew all the harder as Mistress intonedâ?¦ This is your first assesment Victoria. I want you to bend over and display your pussy to the clients

They want to see the merchandise.

Pull your little panties down ..

Victoria. wet with the excitement of finally being the filthy little cum slut she always knew she could be and from the excitement of submitting to Mistressâ?? instruction and divine will did exactly what the was told. She wanted to be a good for for Mistress and the men. She wanted to be the best , dirtiest, sluttiest girl she could possibly be.
