

Sissy School! All Sissys welcome

Description

Fat sissys, skinny sissys, young sissys, mature sissys.

Gay sissys straight sissys, somewhere in between sissys,

Brainless sissys, slutty sissys, sexy sissys, shaved sissys!

All sissys welcome.

As Mistress usually makes ideas up from nothing I'll cite my inspiration for this piece;

The "pussy lovers" speech from Dusk Till Dawn.

The one where Cheech, in character as a carnival barker stands outside Mexican border bar, the Titty Twister, and advertises the pussy available to ogle and one would imagine for sale.

Don't you wish you were inside a seedy roadside lap dancing club, having your assets advertised for sale to all the passing manly, alpha miscreants and hells angels and men who have escaped from prison and who just want to fuck you, lusting after every inch of your body ?
