Mistress makes you paint your nails pink ?

Description

When applying or having nail gloss applied it is worth understanding that the colours, much like the lacquer itself has many layers â?¦.

What does pink mean to youâ?¦.

From an anonymous sissy schooler

â??Pink isnâ??t just a color to me; itâ??s a source of pure joy. When I see it, whether itâ??s a vibrant hue or a soft pastel shade, something stirs inside me. I feel hot and sexy. I am reminded of little pink panties and when mistress made me wear them

Pink is barbies and princessâ?? that instantly uplifts my spirits. It brings a sense of prettiness and girlieness and sexiness into my life, making each day a little brighter.â?•

Which colour pink resonates most with your inner brainless bimbofied slut

default watermark

Which pink transports you into a mindless slutified haze.

Which pink transports you into the bimbofied brainlessness you seek.

Buy that shade of nail polish in this pink.

Allow its application to transport you to a time when you felt like a brainless barbie doll . A filthy little slut for cum

You should try that now.

With or without the nail polish.

Remember a time when you felt like a brainless cock hungry bimbo and connect to the feeling .

If you have the nail polish you could use the distinct aroma (and also the chemicals) to transport you to that moment. Or maybe just use poppers

Mistress instructs you to chose a colour

Which draws you to it

Pink.

A colour so integral to feminisation

Its quality is utilised in Mistressâ?? patent Slutification method, to allow my sissy school subjects access to to the depth of feminisation they crave.

To allow you to drop.

Drop into that sissy subspace you desire

and become the best little slut you can be
