default watermark

“Good girl,” said Mistress. A warm sense of pride and purpose flooded my chest. The “girl” part sent a shiver through me, a thrill that was entirely at odds with the life I’d left paused and the words, spoken by Mistress sounded “perfect and right”.

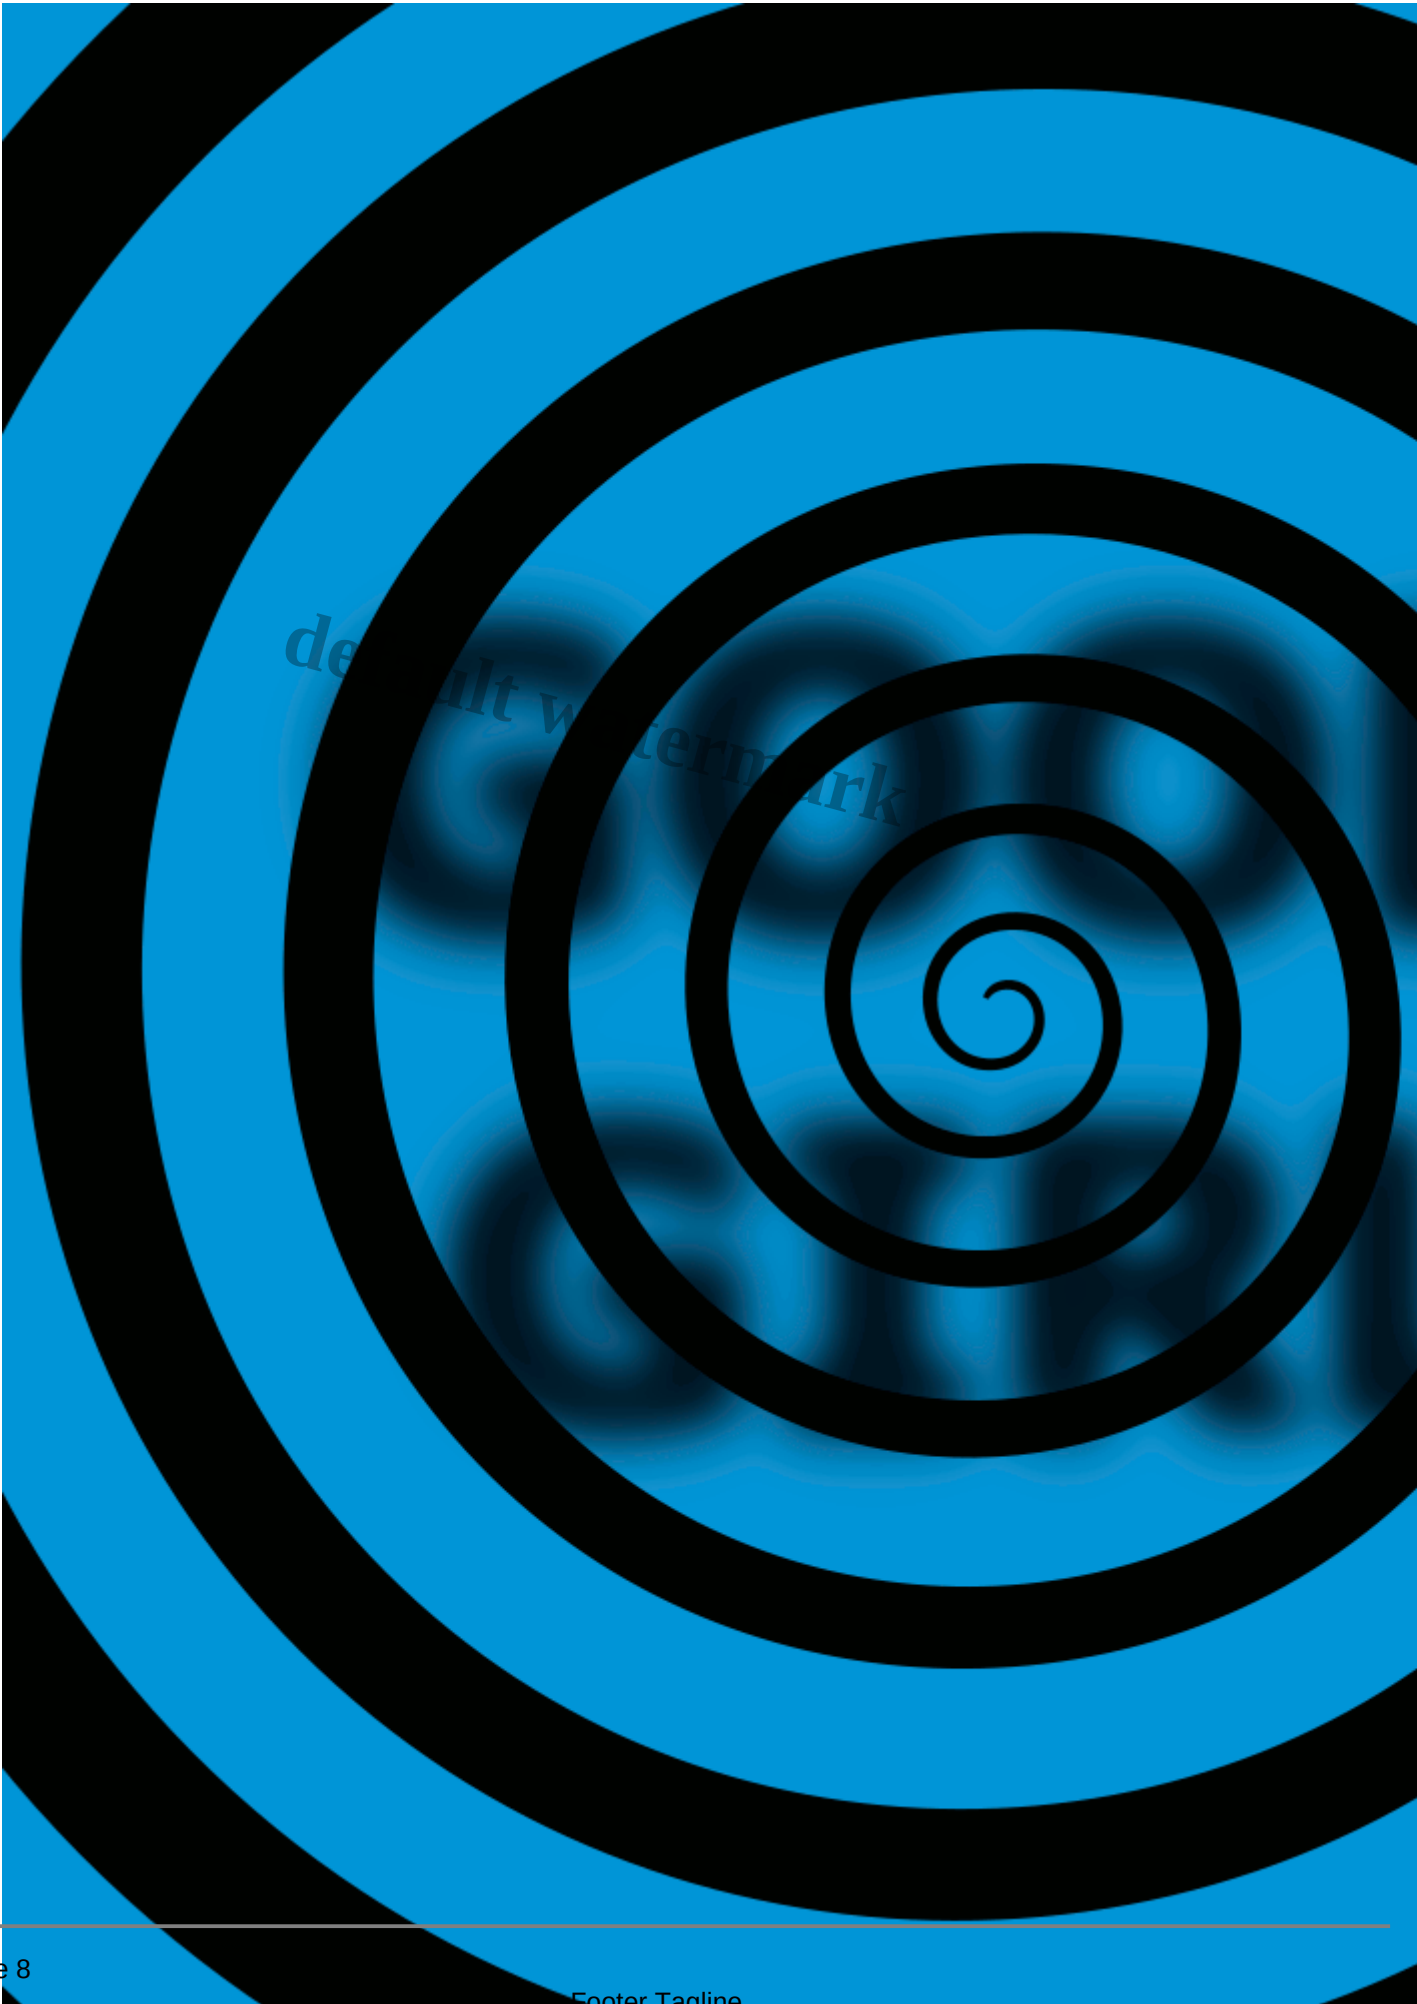

You’ve thought about it. The stockings. The heels. The surrender of it all.

Every session is tailored to you, whether you’re a nervous first-timer or an experienced slut ready for Mistress to push your limits and lead you into the sissy rabbit hole,

Dressing, training, discipline, and transformation:

In-person sessions in London. Online sessions available worldwide.

This is your enrolment notice. Be a good girl and obey ?
