Become a model of sissification at the London Sissy Schoolâ?¦.

This is a deep immersive sissification fantasy experience that firstly involves arriving at â??The London Sissy Schoolâ??;

A cozy, fully kitted, beautiful dungeon cum playspace in an innocuous and discreet domestic location.

After the initial dissonance occurs you step, like an X rated Mr Ben, across the threshold as Mistress, like the salubrious shopkeeper invites you into her queendomâ?¦ and then the real fun of sissification and begins.

After being stripped and transformed by Mistress, who makes you wear panties and high heels and other slutty, cheap attire you decend, via a hypno role play into the lap dancing club in the basement of the â??schoolâ??

The â??schoolâ?? is a a big, imposing derelict Victorian building. Which maybe used to be a school but more likely was an asylumâ?¦.

As you decend and under mistressâ?? express hypnotic guidance you feel your big, round titties bounce and your fat nipples rub against the tight pink satin of your slutty bra top as your pathetic sissy clit aches under moist pussy lipsâ?¦.

You slip helplesslessly into a haze of sissification and feminised pleasureâ?¦

And you find yourself in a dingy lap dancing club where the grubby punters sit. In the near dark. And waitâ?¦.
